MEMORANDUM FOR: Deputy Director of Central Intelligence
FROM : Deputy Director for Intelligence
SUBJECT : Proposed Commerce-Intelligence
Community Automated Data Base [REDACTED]

1. We believe that the [REDACTED] Data Base as proposed by Commerce to the Technology Transfer Intelligence Committee merits our support and specifically would be potentially of great value to the Technology Transfer Assessment Center (TTAC) in the export control area and to OSWR and other DDI analysts in analyzing future trends in Soviet R&D programs and technological developments in Soviet defense industries. Our Analytic Support Group will provide consulting services to ensure the system is responsive to our needs. [REDACTED]

2. Because of this strong interest, TTAC is prepared to match Commerce's contribution of \$50K. We expect that one or two of the other interested agencies; particularly Defense, Navy, Air Force or DoE will be able to provide the remaining \$50K. Hopefully, our support will provide the boost necessary for TTIC to obtain the additional funding to ensure that this contract is truly a Community effort. [REDACTED]
